

# Rich and the Poor

## Rival Sons

They walked hand in hand to a future unknown  
He carried the water in blankets he brought  
So far passed the curfew and they were alone  
Her teeth found by braces, and his teeth were not  
( )

Rich and the poor, that's how people behave  
She said I'm gonna show you how babies are made  
Oh ohohohohoooooh  
Oh ohohohohoooooh  
Oh oh oh oh oh  
( )

So int the darkness a rush is?  
They walked to the lake side, the moon hand in hand  
She showed him such sweet things, he could not believe  
He would not forget for the rest of his life  
( )

Rich and the poor, that's how people behave  
She said I'm gonna show you how babies are made  
Oh ohohohohoooooh  
Oh ohohohohoooooh  
Oh oh oh oh oh
