Doin' My Job

Blackfoot

B-b-boogie
Boogie like a baby, dance like a dog
I'm a rock 'n' roll bandit when I'm doin' my job
Well, I've been workin' from 9 to 5
Just like all of you, I gotta stay alive
Hard times comin' down on me
Fightin' my way back to the top, everyday of the week
I'm here to testify, there's another way
I won't be satisfied till the weekend's here to stay
Boogie like a baby, dance like a dog
I'm a rock 'n' roll bandit when I'm doin' my job
Well, I start drivin' on down the street,
I got a girl on the edge of town, made just for me
Feelin' good is the name of the game
I may not be no man of the world but she loves me just the same
I'm here to testify, there's another way
I won't be satisfied till the weekend's here to stay
Boogie like a baby, dance like a dog
I'm a rock 'n' roll bandit when I'm doin' my job
Boogie
Well, I'm still workin', and I'm doin' fine
Right or wrong gonna sing my song
Till the day I die
I'm here to testify, there's another way
I won't be satisfied till the weekends here to stay
Sun goes down I can't stand still
Got a flamin' little love, I can't get my fill
Boogie like a baby, dance like a dog
I'm a rock 'n' roll bandit when I'm doin' my job
Yes we are
Doin' my job
Doin' my job
