There for Me

By The Tree

When I'm down You are there for me
When I lay my head, You are there beside me
You are there for me when I'm lonely
You are there for me when I'm aloneHumbly, I come to You
So gently You speak to meWhen I'm down You are there for me
When I lay my head, You You're there beside me
You are there for me when I'm lonely
You are there for me when I'm aloneHumbly, I come to You
So gently You speak to me
Humbly, I come to You
So gently You speak to meI can't always hold on to the things of yesterday
Will bring me something new
Maybe we can be together
I will always come running back to YouYou are holy, You are worthy
Lord you're always faithful to me
I will wait on You LordHumbly, I come to You
So gently You speak to me
Humbly, I come to You
So gently You speak to meHumbly, I come to You
So gently You speak to me
