

I Don't Know (Remastered Version)

[Chris Bell](#)

Whatever it is you're thinking
Sit down and let's give it a try
You know that I'll always listen
But sometimes I'm wondering why You don't lie to me
And I wouldn't lie to you, oh no
But baby, I'm feeling lost
I don't know what I'm going to do
You don't know what you're putting me through
I gotta get away from you Once in a while you're lonely
Tell me if you needed a friend
I'm wondering what is the matter
But you say that you can't explain
But you don't lie to me
And I wouldn't lie to you, oh no
But baby, I'm feeling low
I don't know what I'm going through
You don't know what you're putting me through
I gotta get away from you Do you want me? I want you
You don't want me, I want you
Don't you know I'm losing sleep at night?
Sleep at night I don't know what I'm going to do
You don't know what you're putting me through
I gotta get away from you Whatever it is you're thinking
Sit down and let's give it a try
You know that I'll always listen
But sometimes I'm wondering why
You don't lie to me
And I wouldn't lie to you, oh no
But baby I'm feeling lost
I don't know what I'm going to do
You don't know what you're putting me through
I gotta get away from you
