Blessed

Marv Ellis & We Tribe

Sometimes I'm blessed with a feeling
sometimes I'm not, sometimes I'm
sometimes I'm blessed with a feeling
Isn't it marvelous?
Sometimes I'm blessed with a feeling
sometimes I'm not sometimes I'm
sometimes I'm blessed with a feeling!
isn't it, isn't it?

I'm nothin without my cousins
I'm bluffin to say I wasn't
my kid sisters and brothers
we pack and then we cut to freeze
full of stuff that we eat
tops of muffins and coffee that's got nothin
its just Trailblazer black...hah!

Out of the oven, my crew
is up to sumthin, two thousand 12 came
lets build and stop runnin, no doubt
for the love and now all let's stop bombin the poor
We've done enough, lets bring our families back

Northwest is where the fresh is
no need to second guess it
the question if there's a message: We are!
young and restless except without the drama...
we do, believe in drama, we do
use truth and organics as an armor of will
refill the water and stand the test of time
and grand, shock diamonds and build
keep climbin through space
we up cycle our waste and keep true to the way
that it should taste if it's all brand new sing it

Sometimes I'm blessed with a feeling
sometimes I'm not, sometimes I'm
sometimes I'm blessed with a feeling
isn't it marvelous?
Sometimes I'm blessed with a feeling

sometimes I'm not, sometimes I'm
sometimes I'm blessed with a feeling!
isn't it? isn't it?

Hold on, Hold on
I'm a, I 'm a, I'm a, I'm a, I'm a
I'm a gonna have to take over and crush ya for about a minute
Everybody knows its bigger than the drama, quit it
high altitude holding and folding with it
time flipping to the future makes the pace quicken
cause the clocks tickin is why people will not give in
gather round to the sound with the bass ripplin

Free range on the move, we don't play chicken
big bowl full of nuts on a baby, shhhh
Facetime's a commodity these days, listen
time came from the study, and the star shifted
brought heat rocks back from a Mars visit
melt gold till the mold's full of hot liquid
element's in control of the now, get it?
hot gravy needs to sit awhile, fully thicken
Operator can I get a mike check?
can I break a few necks?
We try infinite visions

Sometimes I'm blessed with a feeling
sometimes I'm not, sometimes I'm
sometimes I'm blessed with a feeling
Isn't it? Isn't it?
Sometimes I'm blessed with a feeling
sometimes I'm not, sometimes I'm
Sometimes I'm blessed with a feeling
Isn't it marvelous?
