April Showers

Dru Hill

Loving you is all I need
Never take your love from me
'Cause I think I would lose my mind
If you would go away
Oh say you'll never leave my side
That forever you'll be mine
(Oh) April Shower me with your love
And girl I'll give you all the love I have inside this heart of mine
And yes I swear that I'll be here for you forever and all time
So if ever you feel lonely all you have to do is call me
And I'll be there to shower you with my love
Heaven must of smiled on me
Like it did the earth that day
When god created the sun and said let there be light
So I write your name across my heart
And proclaim it to the stars above

Oh April Shower me with your love
And girl I'll give you all the love I have
Inside this heart of mine
And yes I swear that I'll be here
For you forever and all time
So if ever you feel lonely
All you have to do is call me
And I'll be there to shower you with my love
Baby
Yea,Yea,Yea,Yea,Yea,Yea,Yea,Yea,Yea
Oh,oh,oh,oh,oh,oh,oh
Do,do,do,do,do,do,do,do,do,do,do,do,do,do,do,do,do,do,do,do,do,do,do,d
You
I love you,I need you,Your my heart and soul
So don't you ever go away
