Momamma Scuba

John Cale

Momamma Scuba
Scuba woman down me slow
Scuba woman down me slow
Love you, skin turn to slimeHold me slow and dub me down
Take me with you, dub me down
Love you, skin dub me downScuba mama sink me down
Love your sinking, hold me down
Love you so much
Skin will drown and drownSoul in deep, deep ocean water
We hide in the cool, cool shade
Seeking, reaping, make it only, baby, only
Sleeping the pain awayWell, hug me close and stuff me tight
Quick is quick and knife is knife
Momamma Scuba dance, dance, danceLove me brave, my love's on fire
Crack the magnet of desire
Push me further, straight along
I'll still be here when mama's gone
Don't you love me, my skin woman
Love you, my skin can dry
