# Medicine Man

## Nico Vega

I have a tailormade hat for my sweetheart
That I wont take off no matter where I go
I have a nickname for my tailormade hat
That I call loyal and that's what it is so.
I don't need no medicine man to chop my wood.
I just need a man that's loyal, and wouldn't if he could.
I've been down that road.
I ain't never gonna be your medicine man,
But I'm gonna be your lady of love.
And I ain't gonna nag you for nothing,
But I'll tell you if you ain't giving me enough.
I don't need no medicine man to chop me wood.
I just need a man that's loyal and wouldn't if he could.
I been down that road.
I been down that road.
I'm a lady of my word, I'm a lady of my word
But maybe you have heard that
I've been around the block a few times
Well I assure that would be a lie.
I been down that road...
