

Bump

Belleruche

Something's up with you
I don't know what it is
You've not always been open
But now you're closing in
You keep me guessing
You keep me hanging
I can't kick what you said
Is it what you really want
Never thought I'd be one to sit and be wishing
Never thought I'd be one to sit and be hoping
How'd you get your hold on me
You pull me in and turn me out
How'd you get your hold on me
Took what you could and cleaned me out
How'd you get your hold on me
It's time to run, time to get out
How'd you get your hold on me
You get no more I found you out
There's something about you
I could not ignore
Too easy to forgive
So you thought I was asking for more
You keep me trying
You keep me running
I can't work out your head
I'm never gonna get it
Never thought I'd be one to sit and be wishing
Never thought I'd be one to sit and be hoping
How'd you get your hold on me
You pull me in and turn me out
How'd you get your hold on me
Took what you could and cleaned me out
How'd you get your hold on me
It's time to run, time to get out
How'd you get your hold on me
You get no more I found you out
I could never work you out
So much has been left unsaid
No choice but to walk away
Hard to do when you can't forget
You keep me guessing
You keep me hanging
I tried to shut you out
But you keep on, you keep on
Never thought I'd be one to sit and be wishing
Never thought I'd be one to sit and be hoping
How'd you get your hold on me
You pull me in and turn me out
How'd you get your hold on me
Took what you could and cleaned me out
How'd you get your hold on me

You'll get no more I found you out
Hey how'd you get your hold on me
You'll get no more I found you out You'll get no more I found you out
Oh took what you could and cleaned me out How'd you get your,
How'd you get your hold on me
You turn me in and pull me out
You turn me in and pull me out
