

Love

G. Love & Special Sauce

Baby, we've been through a lot and times sure I have changed
Everybody's leavin' town, lookin' for better things
But I found what I want and I got no problem workin'
I wish to God that my heart would stop hurtin' But the shops closing down, factories outdated
People so frustrated and my whole life is changin'
Just tryin' to find some solid ground
A little house with a picket fence, how's that sound? Love is all I need
Love is all I need I've seen tears that are fallin' like leaves from the trees
Houses boarded up and they threw away the keys
But this town is where we're born and this town is where we're stayin'
I'll never ever turn my back on you ever again And come on let's be together, I got some money put aside
And if I make it big, would you take a little ride
Would you promise to be always by my side?
Would you give me true love and have nothin' to hide? Would you give me your love? Would you give me your
love?
Would you give me your love? Would you give my your love?
Would you give me your love? Would you give me your love?
Would you give me your love? Would you give me your love? Would you give me your love? Would you give
me your love?
Would you give me your love? Would you give my your love?
Would you give me your love? Would you give me your love?
Would you give me your love? Would you give me your love? Love, love, love
Love, love, love If you want to give me your love, babe
It's alright, it's alright, it's alright
We can make a change in our life, babe
Tonight, it's alright, it's alright It's alright, if you want to be in my life, babe
Tonight, it's alright, it's alright
We can make a change in our life babe
Tonight, it's alright, tonight If you want to give me your love, babe
It's alright, it's alright, it's alright
