

# Kom Igen (featuring U\$O, ADL, AND SALAH EDIN)

## Outlandish

Try to learn every single ayat  
So my soul in front of Allah, gon? be smelling good  
To that moment I be definitely making my move  
In it for the money? Nah man, I?m in it for the truth  
Ain?t about any gold or the ice  
Sneaks and close is just part of the hype  
MTV sucks big time  
Cribs and bling - get a real life  
But wow ? take a minut or 2  
Why we spending so much money man that we don?t have boo  
Every tiny detail, we gotta have kid!  
Every kind of device to make us look rich  
Hollywood, magazines, videos  
Escaping anything & anyone away we go  
In it sickening enough that we don?t really care  
In it sickening of that we don?t wanna share  
Wish for my brother what a wish for my self  
Try to love the world less, put my ego to rest  
?get rich or die tryin?? who ever said it was poor  
don?t they ever gon? learn from the farao in goldKom Igen Kom Igen  
Kom igen du min elskede ven  
Kom Igen Kom Igen  
Kom igen du min elskede ven  
Wish for my brother what a wish for my self  
Try to love the world less, put my ego to restHey hvorfor er det lige du tror du kender mig  
A shabi rasi hrakni  
SÃ¥ jeg venter bare pÃ¥ du kommer med en kommentar  
Nogen burde sku bare klap i  
For der er mange som der misforstÃ¥r, nÃ¥r vi gÃ¥r  
Render rundt og tror vi alle bistanfÃ¥r  
YO hold lige  
Kan vi ikke fÃ¥ nogle argumenter med noget hold i  
SÃ¥ mÃ¥ i heller komme igen med noget bedre  
For jeg ser det mange steder  
LÃ¥ser osse om det nÃ¥r jeg sidder, og tjekker det pÃ¥ tv men jeg gider ikke sige hvad de hedder  
Og de allerede ved at forberede nye ting  
Siger det kun fordi jeg kan vÃ¥re det bekendt  
Og de er allerede ved at forberede syge ting  
I mÃ¥ heller kom med et bedre argument

Og jeg sidder og læser avisen, tænker hvorfor skriver de  
Nogle ting om og om igen  
For i denne verden som vi lever i  
Må vi heller? bare kom igen Kom Igen Kom Igen  
Kom igen du min elskede ven  
Kom Igen Kom Igen  
Kom igen du min elskede ven  
Wish for my brother what a wish for my self  
Try to love the world less, put my ego to rest Moro get this Moro get that  
Break your ego coz we don't need that M-R en medio O  
O termina MORO ohhh Que no te atrape la locura del dinero  
Vender unidades solo ser un pesetero  
Si no me gusta lo que hago y lo gozo  
Si me muero de amargura no hay negocio  
En cuanto a como hay que hacerlo todos tienen comentarios  
Si no sabes a donde vas regresa pa? saber de donde vienes  
En lo oscuro el alma es lo único que tienes  
Ojos que no ven Corazón que nunca siente?  
El juego comienza su trampa en tu mente Who's gonna put this demon on hold  
A to the DL to cold  
These days your ego's too bold  
Eating diamonds and gold  
I got a nooz and a lasso right here  
I got a whip that'll hit you right there  
It's time to rush with no fear  
It's time to crush and prepare  
Follow the leader but the leader is a jerk  
That's him in the corner with a smirk  
He's a devil and he's making me work  
I used to be calm until I went bezerk..... Kom Igen Kom Igen  
Kom igen du min elskede ven  
Kom Igen Kom Igen  
Kom igen du min elskede ven  
Wish for my brother what a wish for my self  
Try to love the world less, put my ego to rest Ek dafa tu yaha a ke dekh  
Kuch lamhe tu bhi zara sah ke dekh  
Kabhi apni aan or shaan ko rakh ker bande raah ja  
Dard ho ga sahna  
Door ho ga rahna  
To bole mere naina  
Kiya kehna hai  
Inke bare me  
Jo peete hai ghareeb ka khoon paseena  
Dekhe hai aise meh ne beshoomar  
Udh kehya hai is duniya se mera ehtebaar

Come on  
Kidar jaye ka kidar haad pehlai ka  
Kabhi na kabhi tu us ke samne girgiry ka  
Tobaa tu kare ka to ho ki teri qabool  
Mafii teri mane rakhe ki hoga maqbool  
Tere pass hi aye ke hum  
Tera sivar or kidar ja sake ke hum  
Karr de karam take mera reh jaye baram  
Jana hai door tera noor manzil hai koh-hi toor Koli ya Ibaddalah  
shal mena baqi gasoem  
I msiw fiha  
Moeta dahya  
Ken soefoe rwina  
Ktila, honsoria  
Hbebna eichin f tamara  
Bleh mekla, bleh hoqoq  
El qalb mahrok ma bqasi  
Ki doq  
Ken soef el fok oen soef fe sma  
Tleb men allah I hfadna m'nar  
Ma Tiqsi b'zahr. Tiqa f allah  
Dagla djell gna ma ket shres  
B'dinar, dollar, euro, tasi maqdar  
Hedi hial agbar men maqbar  
Allah oe Akbar
