Now let me tell me more about being blantant
You got to be blatant me seh

With product you invent
If you don`t patent it
You nah see a cent
You have no money fi go pay up your rent
If you crash fi your car
Or you in an accident
If it`s not your fault you be blatant

Now I get serious about being blatant
Police come and mess with me pon the pavement
They say oi` where you going, what you doing here?
I just leave mi house fi go buy a tin of beer
Another example of being blatant
