

Black Book Lodge

Gluecifer

Bleak young fop watching lava lamp glowin?
Wanna build a little more esteem
Hang out in the black room eating all the mushroom
Wanna have the blackest dream So come on, oh oh
Come on, oh ooh Black book, black lodge
Something evil that you cannot dodge
Black knight in a black club
Kid screaming in a black tub You can wear your long hair going to the book fair
When you gonna be there in the old mans lair
Holding private trial, living in denial, you'll be the hippie scare So come on, oh uh
Be scared, be scared, be scared Black book, black lodge
Something evil that you cannot dodge
Black knight in a black club
Kid screaming in a black tub [Incomprehensible] Well, you're tired of the textbook
Now you wanna read the black book
Yeah, you're tired of the textbook
And now you wanna read the black book Yeah, you wanna read the black book
Yeah, you wanna read the black book
Yeah, you wanna read the black book
Oh yeah, you wanna read the black book Black book, black lodge
Something evil that you cannot dodge
Black knight in a black club
Kid screaming in a black tub Black book, black lodge
Something evil that you cannot dodge
Black knight in a black club
Kid screaming in a black tub
Black tub, black tub, black tub, woh
