Wait for me honey
Wait for me honey
I will never get to sleep
Rebel, rebel, no
I can never get to sleep
I'm a rebel, rebel, no
Hold me til I get to sleep
Oh baby bring me home to bed
Rebel, rebel, no
Lightening dances in my head
Devil, devil, whoa-oh-oh
Burning steady as a motor
Not a pebble, pebble whoa-oh-oh
Baby, bring me home to bed
I need you to press me down before my body flies away from me
(woo!)
Your power
Inside
It rocks me like a lullaby
Your power
Inside
It rocks me like a lullaby
Your power
Inside
Oh baby, I just don't know why
Your power
Your power inside
Waiting for you
Hurry up
(Waiting for you
Hurry uuuuuup)
Mirror, mirror on the wall
Can you see my face at all?
My man likes me from behind
Tell the truth I never mind
Cause you, you bomb me with life's humiliations everyday
And you bomb me so many times I never find my way
Come on and bomb me
Why won't you bomb me?

Come on and bomb
Go on and whoa-oh-a-woah-a-oh-ooh-oh
Your power
Inside
It rocks me like a lullaby
Your power
In my mine
It gives me thrills I can't describe
Your face in mine
Oh baby, I just don't know why
Your power
Inside
Your power
