

Angel

Autumn Burning

Everyday, I think about your face
I see a sight, I can't erase
You're the one I know and love
You're my angel from up above

If I tried to get you back
Somehow I, I just know I would cry
But I long for you, now that you're gone
I feel like I'm gonna die
(Gonna die, yeah)

Every time we were together
You took my heart and you made it better
You knew how I felt, so why did you leave
You're my angel, and all of my memories

If I tried to get you back
Somehow I, I just know I would cry
But I long for you, now that you're gone
I feel like I'm gonna die
(Gonna die, yeah)

If I tried to get you back
Somehow I, I just know I would cry
But I long for you, now that you're gone
I feel like I'm gonna die

Gonna die, gonna die
Gonna die, yeah
