

40 Boys In 40 Nights

The Donnas

Spendin every night in a different state
Spendin every night with a different date
I come into town and have a look around
And then I find a guy who wants to get down I got boys all over the road
I got boys helpin me unload [Chorus]
Forty boys in forty nights
I got no time to see the sights Sometimes I nibble and sometimes I bite
I kinda sorta wanna get skintite
Have some now save some for later
But there's no cute boys in decater I got boys all over the road
I got boys helpin me unload
(Chorus) Makin out all night in hollywood
You know I'd do 'em all if I could
My honey in Stuttgart doesn't care
That I collect their underwear
I got boys all over the road
I got boys helpin me unload (Chorus)
