Long Time Coming

David Sneddon

Should have never used the phone
Got to do this on my own
It's been a long time coming to me now
I felt this just the other day
Was coming out
What can I say?
It's been a long time coming to me nowDon't want you to hold my hand
Just need you to understand
It's been a long time coming to me now
Don't want you to share my fear
Just wana tell you that I'm here
It's been a long time coming to me nowAnd in a deeper part of me
A stronger soul is breaking free
And I want you to know
Can't hold me down for any more
Pull myself from off the floor
And I want you to knowDon't want you to hold my hand
I just need you to understand
Don't want you to share my fear
Just wana tell you that I'm here
And now we've spoke over the phone
No, I can't stand this room alone
It's been a long time coming to me nowWell
Here I come
Well here I come
Here I come back yeah x3It's been a long time coming to me nowAnd now the light I felt before
When I was young as you once more
And I want you to know
Ohhh... It may take a little time
Pretty soon I will be fine
I'm better than that!
I wana fly as high as I can fly
Woah... It's been a long time coming to me now
And set alight to my inner burning fire
Ohhh.. It's been a long time coming to me nowWell
Here I come
Well here I come
Here I come back yeah
Singin'

Here I come
Well here I come
Here I come back yeahWell
Here I come
Well here I come
Here I come back yeah-eeeeh-ay-ay-ee-ayHere I come
Well here I come
Well here I come
Back now-ow-ooooow Wo-oh-oh-oh
SingingHere I come
Here I come
Here I come back yeah-yeah-yeah-yeahay-ee-ay-ehIt's been a long time coming to me now
It's been a long time coming to me now
Woah... It's been a long time coming to me nowIt's been a long time coming to me now....
