

Maybe Baby (Swing Style)

Emilia

Oh, baby
Oh, my baby
Wanna be my baby
YesBaby, when I think of you
My whole world seems, seems so blue
You make me wanna fly, wanna fly
Like a great, big balloonBut honey, I've got a question for you
Do you know the color of my soul
Please get to know meAnd I'm hoping that maybe
Do you wanna be my baby
And if you do want me so much
You gotta have that special touchAnd I'm hoping that maybe
You wanna be my baby
And if you do want me so much
You gotta have that special touch
And maybe, maybe, babyLet's go for a walk, you and me
And maybe if we're lucky, we can see
A star fall from above
I know what I want, I think you know whatOh, baby that it will be you and me
Taking this walk tomorrow
'Cause it's you that I likeAnd I'm hoping that maybe
Do you wanna be my baby
And if you do want me so much
You gotta have that special touchWell, if you're a tree, I'm a leaf
And if you're Adam, I am Eve
Like champagne has it's bubbles
That's how you belong to meOh, maybe baby
Do you wanna be my baby
And if you do want me so much
You gotta have that special touchOoh baby, ooh baby
You wanna be my, wanna be my baby
Oh, maybe, wanna be my baby, my baby, oh
And maybe, maybe you could be my baby
