Dead American Radio

Left Alone

I heard a song on your American radio
I can't believe the lies
Dead dead American radio
Well I see right through your liesI don't know why it's so hard to see
That it's all just a scam
That it's all about making money
What will it take for you to understandDead dead American radio
Well I see right through your lies
Dead dead American radio
Well I'm sick of all your liesAnd I don't care about you top 100 list
And I don't care about your ad campaign
I say kill the suits that run it all
The ones who sell the lies everyday
