NYC - Gone, Gone

Conor Oberst

[Chorus]
Gone, gone from New York City
Where you gonna go with a head that empty?
Gone, gone from New York City
Where you gonna go with a heart that gone?

Down, down to Mexico City
Got myself a lady, she know how to treat me
Down, down to Mexico City
Got myself a lady to lay me down, lay me down

All my friends, want you to know
I'm gonna miss you when I go
But I'll see you down the road
Meet me at the station way down low, way down low

[Chorus]

Where you gonna go with a heart that gone?

[Chorus]

Where you gonna go with a heart that gone?
Where you gonna go with a heart that gone?
