God Forbid

Sacrifice, can you feel the hand
Of God oppose your will to die?Your time has now come, you are Satan's son
The end of life is near, your death is clear
The time of life is short, you are now reborn
Time to die, hear the cries
Damned souls returning from insideYou can't escape though you try
There's nothing left but to dieYour time has come, you are Satan's son
You feel the hand of God oppose your will to die
Your life is now here, your rebirth is clear
Time to die, hear the cries
Damned souls returning from inside
