

# Artificial Nocturne (Love Thy Brother Remix)

## Metric

I'm just as fucked up as they say  
I can't fake the daytime  
Found an entrance to escape into the dark  
Got false lights for the sun  
It's an artificial nocturne  
It's an outsider's escape for a broken heart We hide out in the back  
Like shadows in a stranger's dream  
Hiding out in the back together  
Hiding out in the back forever I'll make  
All that I believe  
In dreams  
So real  
Faith I have to take the call  
Faith don't fail me now I'll make  
All that I believe  
I set myself free  
So take all the time you need  
And let yourself be I'm as fucked up as they say  
I can't fake the daytime  
Found an entrance to escape into the dark  
Got false lights for the sun  
It's an artificial nocturne  
An outsider's escape for a broken heart I'm as fucked up as they say  
I can't fake the daytime  
Found an entrance to escape into the dark  
Got false lights for the sun  
It's an artificial nocturne  
An outsider's escape for a broken heart
