

Northern Lights

[Kate Boy](#)

see the fire, watch it glow
even when Ive got my eyes closed, oh
sink it deep into me
I can feel you even in my bonesand I follow blind through a tunnel my dreaming
and its burning bright and I feel it cry for me
reaching up for the northern lights
leave it all behind
reaching up for the neon sky
now our stars alignand everything we touch, it turn turns to gold
never ever let go
cause everything we touch, it turn turns to gold
so never ever let go colour in, colour out
see my breath and fill the ice white heat
pick me up, slap me down, cause my heart is hitting every beatand I follow blind through a tunnel my dreaming
and its burning bright and I feel it cry for me
reaching up for the northern lights
leave it all behindand everything we touch, it turn turns to gold
never ever let go
cause everything we touch, it turn turns to gold
so never ever let go
