

Happy to Be In That Perfect Headspace

Beastie Boys

Like stacks of thoughts
Got tired and worn
Used over and over
'Til they were tired and torn
Like a broken clock
That can't tell time
I like a thick-ass book
Mine, that's mine

Like a billion...That'll be fine.Alright.It'll be fun more than fine, I think.No I think it'll be fun and fine.See.That's what we're tryin' to get.That's the, that's... you're in that place again. In that special place again. Oh I'm so happy to be in that special place again. I love the place I'm in. I'm in that perfect headspace again.Doon goon goon duh-doon gah-doon doon doon...Don't get in my headspace baby!Hey Mario...
