

More of You

Stanley Johnson

I've heard many lines,
Believed many lie
Ive opened my eyes
To the things that challenge my faith
Abused all excuses
Been told this is it
I'm confused and hurting
I can't seem to let go of this
There's got to be more
Than the problems i see right infront of me
Please open the door
and guide me back to your light
I'm calling your name
Im in so much pain Lord
My spirit is weak
Please open up my heart and show me more
Oooo
They all encourage the close mind
To almost everything but you
But i am still human
And I know there's more to you
They say to never question you
But how will I know the truth
They calling it blind faith
So please show me more of you
There's got to be more
Than the problems i see right infront of me
Please open your door
And guide me back to your light
I'm calling your name
I'm in so much pain Lord
My spirit is weak
Please open up my heart
And show me moreeeeeee
I need more of you Jesus
Need more of you lord
I need youx2
