

C'est La Vie

Shania Twain

Oh yeah
Yeah, yeah, yeah It must be Monday, what a dumb day
Can't drag my butt out of bed
Somebody stop me, I need another coffee
Like a hole in my head When everyday begins this way
Gets you down and can drive you mad
The daily grind can freak your mind
But life isn't all that bad Don't let it get to you, c'est la vie!
That's life and that's how it's gonna be
C'est la vie! Hold tight
It comes right eventually If only I could sleep in and wake up on the weekend
Oh, what a dream that would be, yeah
But fat chance for that one, it ain't gonna happen
Better get back to reality I could be a slob or keep my job
That is the choice we have
The daily grind can freak your mind
But life isn't all that bad Don't let it get to you, c'est la vie!
That's life and that's how it's gonna be
C'est la vie! Hold tight
It comes right eventually Everybody's got to do it
Everybody's got to earn their way
Come on now, you gotta work your own way through it
Everybody's got their dues to pay The daily grind can freak your mind
But life isn't all that bad Don't let it get to you, c'est la vie!
That's life and that's how it's gonna be
C'est la vie! Hold tight
It comes right eventually Yeah, yeah, yeah, c'est la vie!
That's life and that's how it's gonna be
Come on now, c'est la vie! Hold tight
It comes right eventually C'est la vie!
