

# No End Left in Sight

## Hot Water Music

There's no end left in sight.  
Wipe the dirt from your eyes.  
Set your feet in the mud.  
Yesterday come undone  
In the gathering flood.  
So much work to be done.  
In the lingering light  
From somewhere else. There's no end left in sight.  
Won't be sleeping tonight.  
Don't get carried away,  
Everyone makes mistakes  
In the gathering flood.  
So much work to be done  
In the lingering light  
From somewhere else.
