Fat And Proud

Steriogram

One fat brat and this is how the big boys soundSome people may be saying that I'm overweight
But I think that my big body is looking great
I used to diet and diet, it don't change a thing
Everyone must accept that I won't be thinWell it's the way I wanna be
'Cause I'm someone that everybody can see
Well I always stand out in a crowd
I'm the heaviest boy you've seen around'Cause I'm fat, I'm fat and proud
I'm fat and proud and this is how the big boys sound
Because I'm fat, I'm fat and proud
I'm fat and proud and I'm sure you've seen my butt aroundBecause I'm fat, I'm fat and proud
I'm fat and proud and the heaviest boy you've found
Because I'm fat, I'm fat and proud
I'm fat and proud and this is how the big boys soundWould hate to be one of those skinny runts
You can't eat off your stomach or finish your lunch
Well you got no rhythm, well you got no groove
Well you got no blubber that you can moveWell your bones stick out and your nose stick out
There are fourteen ribs on your cage that I can count
People always saying, You don't eat enough?"
But I'd snap you in half I gave you a hug'Cause I'm fat, I'm fat and proud
I'm fat and proud and this is how the big boys sound
Because I'm fat, I'm fat and proud
I'm fat and proud and I'm sure you've seen my butt aroundBecause I'm fat, I'm fat and proud
I'm fat and proud and the heaviest boy you've found
Because I'm fat, I'm fat and proud
I'm fat and proud and this is how the big boys soundWell it doesn't really bug me much
'Cause I know that there's a lot of me you can touch
Well the bigger the man is the bigger the tan
Kickin' it at the beach, lying on the sandAll you car boys working on your suspension
Paying all that money for the up and down attention
Just to put me in and take me out
Trust me you'll get that look from everyone aboutWell as you see, I love my size
I wish you could see me through my eyes
Then you'd realize that I hold the prize
For the biggest man you've seen alive'Cause I'm fat, I'm fat and proud
I'm fat and proud and this is how the big boys sound
Because I'm fat, I'm fat and proud
I'm fat and proud and I'm sure you've seen my butt aroundBecause I'm fat, I'm fat and proud
I'm fat and proud and this is how the big boys sound
Because I'm fat, I'm fat and proud

I'm fat and proud and the heaviest boy you've found'Cause I'm fat, I'm fat and proud
I'm fat and proud and this is how the big boys sound
Because I'm fat, I'm fat and proud
I'm fat and proud and I'm sure you've seen my butt aroundBecause I'm fat, I'm fat and proud
I'm fat and proud and the heaviest boy you've found
Because I'm fat, I'm fat and proud
I'm fat and proud and this is how the big boys soundOne fat brat and this is how the big boys sound
