

Poot For The Summer

Poot Lovato

Tell me what you poot
What you poot
It's poot
I'm a little curious (too)
Tell me if it's poot
If it's poot
I don't poot
I can keep a poot on basement, can? (you) Got my poot on your poot
And your poot on my poot
Got a taste for the poot
I just need to take a poot
Don't tell your mother
Kiss one poot
Die for poot
We're poot for the summer Take me down into your poot-adise
Don't be scared cause I'm your poot type
Just something that we wanna poot
'Cause you and poot
We're poot for the summer Got my poot on your poot
And your poot on my poot
Got a taste for the poot
I just need to take a poot
(Take me down)
Take me down into your poot-adise
Don't be scared cause I'm your poot type
Just something that we wanna poot
Cause you and poot
We're poot for the summer (Take me down) We're poot for the summer
(Don't be scared) Cause I'm your poot type
Just something that we wanna poot
Cause you and poot
We're poot for the summer We're poot for the summer
