

Get Ghost (feat. Passion Pit & A\$AP Ferg)

Mark Ronson

[Verse 1: Passion Pit]

Who you gonna call when you feel all pent up inside your head?

Do you wanna know how the story goes or make it up instead?

[?] complicated, scares us to the bone

But no one says you're better off alone[Hook: Passion Pit]

I got the ghost, get ghost, is scarin' you the most

I think the ghost, the ghost, is scarin' you the most

I got the ghost

That spirit you harbor in your bones

[?] you fear the most, but don't forget you're

Don't forget ghost

Get ghost

Get ghost

Get ghost[Verse 2: Passion Pit]

Lie there in the middle, makes you feel just a little like lifting off the ground

[?] in a bow and the party's full and you just got to get out

Oh, you're in no position, call the other now

Funny how you're callin' on us now[Hook: Passion Pit]

I got the ghost, get ghost, is scarin' you the most

I think the ghost, the ghost, is scarin' you the most

I got the ghost

That spirit you harbor in your bones

[?] you fear the most, but don't forget you're

Don't forget ghost

Get ghost

Get ghost

Get ghost[Verse 3: A\$AP Ferg]

When you start getting done it's time to get ghost

Everybody 'round you start doin' the most

Everybody pullin' up with they hands out

Wasn't with me, now they wanna be my friend now

Ay, wanna hold a couple bands now

Bet all the bad girls be callin' you now

Took 'em all they wanna see while you in town

But I'm busy getting ghost, I ain't never around

I get ghost with the big checks

Ghost Phantom when I'm handling my business

Move out the way 'cause I'm driving crazy

All these girls- girls date me

But it really makes me feel good
Yeah, ghost, yeah[Bridge: Passion Pit]

Get ghost

Get ghost

Get ghost

Get ghost

Get ghost[Hook: Passion Pit]

Get ghost

Get ghost

Get ghost

Get ghost
