

# Love Can Move Mountains

## The Proclaimers

A cynical mind  
Won't help you through the night  
And it can't hold you up  
When you're too tired to fight

Where you didn't have the strength  
To look after yourself  
You find all that you need  
For somebody else

But love can move mountains  
Love can move mountains  
Love can move mountains yes it ca-a-an  
Love can move mountains

That impossible task  
You're thinking of  
Is one you can complete  
When you're driven by love

And the strength that you find  
Won't go slipping away  
Once it enters your soul  
It's re-born every day

But love can move mountains  
Love can move mountains  
Love can move mountains yes it ca-a-n

So if you're lucky enough to live  
To see love come your way  
Be thankful every day  
That it stays  
Love that it stays

A cynical mind  
Won't help you through the night  
And it can't hold you up  
When you're too tired to fight

But love can move mountains  
Love can move mountains  
Love can move mountains yes it c-a-an  
Love can move mountains.
