Coffee Sounds Nice

S. Martin

Hey there gorgeous girl
'Cause I keep dreaming of you
And I find myself wondering
What to do
What is my next move?

What is my next move?
In pursuit
Pursuit of you
Gorgeous you

Excuse me lovely lady
What to do
With you
And your contagious smile
Is just my style
You're just my type
You're just my type

How 'bout coffee
Coffee sounds nice

Hey babe you look stunning
You look great tonight

And an infatuation
Floods my imagination
You bring out my best
I am the luckiest
Oh the luckiest
In the world
The whole world
