

Coffee Sounds Nice

S. Martin

Hey there gorgeous girl
'Cause I keep dreaming of you
And I find myself wondering
 What to do
 What is my next move?

 What is my next move?
 In pursuit
 Pursuit of you
 Gorgeous you

Excuse me lovely lady
 What to do
 With you
And your contagious smile
 Is just my style
 You're just my type
 You're just my type

How 'bout coffee
 Coffee sounds nice

Hey babe you look stunning
 You look great tonight

 And an infatuation
 Floods my imagination
 You bring out my best
 I am the luckiest
 Oh the luckiest
 In the world
 The whole world
