## Work Drugs

Well, I wake up burnin' in a soaking sweat  
My pillows are drippin' and the sheets are wet  
I jump out of bed and I turn on the light  
This happens to me every night  
Sometimes you turn into a snake with long black hair  
Then you change into an angel, blonde and fair  
You can turn yourself blue and I don't care  
You change your look, you can change your race  
But it's always your touch and always your face

Dirty dreams

How you wanna do me?

Dirty dreams

Let me get through

Dirty dreams

Ultra sense erotic movie starring me and you  
Well, I close my eyes and you open your lips  
There's a shock from my head to my fingertips  
I fall through a hole 'cause I can't get a grip  
The room starts to spin and the world starts to turn  
My heart catches fire and my bed starts to burn

Dirty dreams

How you wanna do me?

Dirty dreams

Anything for you, babe

Dirty dreams

The realistic movie starring me and you

Make my dreams come true

Shake my nights

You rattle my sleep

Roll my eyes, I'm in too deep

Dirty dreams

How you wanna do me?

Dirty dreams

Let me get through

Dirty dreams

An uncensored movie

Dirty dreams

Ohh

Dirty dreams

You really get to me  
Dirty dreams  
And it's meant for you  
Dirty dreams  
A triple x-rated movie starring me and you  
Dirty, dirty, dirty  
You want to be ashamed of yourself
