Smile!

Krusty Crew

Smile! If the rain outside the window won't stop...
Smile! If you failed to do something...
Smile! If happiness hid behind the clouds...
Smile! Even if your soul got slightly scratched...

Smile! And you'll see how everything changes...
Smile! The rain will stop and the ground will dress up in snow...
Smile! And your sorrow will pass by...
Smile! And then your soul will begin to live...
