

# She's Got A Way With Me

Billy Currington

It's a gentle touch, but more than enough  
She can stop this ole world from spinnin' too much  
It's a natural thing and I do believe  
I found my reason to be  
She's got a way with me  
She's got a way with me  
I'm not the same man since she's been around  
There's more to this life, I've suddenly found  
I look at myself now so differently  
It's her love that brings me peace  
She's got a way with me  
She's got a way with me  
Whatever it is I'll always be under her spell  
She'll always be all I'll ever need  
I could search this whole world  
I know I'd never find someone perfect as her for me  
Suddenly it's something, you just can't live without  
Oh, you know you found love beyond any doubt  
With a simple man's words  
I can never convey all that I feel when I say  
She's got a way with me  
(She's got a way)  
She's got a way with me  
(She's got a way)  
She's got a way with me  
(She's got a way)  
She's got a way with me  
She's got a way with me  
(She's got a way with me)
