

Timeless

Badfinger

We are yesterday, we are today
We are tomorrow, we are timeless
We are then, we are now
We are the future, we are timeless We are the sorrow, we are the pain
We are the sunshine, we are rain
We are love, we are hate
We are the future, we are timeless Whatever we see, wherever we go
Shows perfectly clear how little we know Now how can we look and not even see?
How can we live and not even be free?
