

# Ghost Ship

## Terrateya

The horizon is gone  
No more foothold for me  
Just floating around in a field of debrisThere was a shift  
Now Im out of place  
Im floating at sea but theres no wind in my faceIts gone  
Its leaving meHeigh-yay heigh-yay  
Is anyone left here did anyone stay  
Heigh-yay heigh-yay  
The ship I was on is now sailing awayNow the pieces are gone  
Since I stopped trying to flee  
And islands I used to feel now I can seeSo while the waves crash  
I lose all my fear  
Cause theres nowhere to go to Im already hereIts gone  
Its leaving meHeigh-yay heigh-yay  
Is anyone left here did anyone stay  
Heigh-yay heigh-yay  
The ship I was on is now sailing awayHeigh-yay heigh-yay  
Eyes staring back but theres no one to see  
Heigh-yay heigh-yay  
It finally unravels: the mystery of me
