

# My Audacity

Claire

I wish I wouldn't be this cynical,  
But I know I need more than miracle  
I need more than miracle!  
Hold on and let me be misunderstood  
Try to be calm when the demons are calling  
But it never does me any good

I saw a brighter day,  
My head in the clouds  
My feet on the ground  
I come tumble and I head over hills  
I lose my AUDACITY!

I wish I wouldn't be so counterfeit  
But I can get in a way with it  
But I can get in a way with it  
I know I'm my own worst enemy  
It's hard to believe in first fantasy  
And it's all that will ever be

I saw a brighter day,  
My head in the clouds  
My feet on the ground  
I come tumble and I head over hills  
I lose my AUDACITY!

Tonight, I MAKE POETRY  
I'm gonna lose everything that's holding back  
Let the life take control of me  
Until I have to return to my lonely dream  
Tonight, I MAKE POETRY  
I'm gonna lose everything that's holding back  
Let the life take control of me

I saw a brighter day,  
My head in the clouds  
My feet on the ground  
I come tumble and I head over hills  
I lose my AUDACITY!

[Electronic outro]
