

# Spinning Around Over You

[Lenny Kravitz](#)

Baby, tell me that my love ain't good  
I don't treat you right, I don't do it like I should  
You try to tell me that my heart ain't true  
How would I waste my time doin' all I do for you?  
You ask me baby, why you hesitate  
That you just can't wait but it takes the time it takes  
Spinning round and round and round and  
Spinning round and round and round and  
Spinning round and round over you  
You think I dissed you, so you packed your bags  
You just kicked me 'round, you just through me out like trash  
Now baby, babe, I'm on my knees for you  
Well I might be late but what you're gonna do?  
Spinning round and round and round and  
Spinning round and round and round and  
Spinning round and round over you  
Baby, baby, gimme half a chance, I could treat you right  
I'll give you good times and romance  
'Cause baby, baby, I'm in love with you, you're my superstar  
Tu es mon petit chouchou, yeah  
Spinning round and round and round and  
Spinning round and round and round and  
Spinning round and round over you
