

# Distance

Jireh Lim

Baby, I wish you're here right next to me,  
But you're miles and miles away from me,  
Your sweet voice on the phone,  
Brings sweet melody to my ears,  
I could spend my day just listening to it, Time will come the day we'll be together again,  
And all the waiting will be worth it for sure, Maybe I thought for once that you and I will never work,  
But I am holding on to your heart over a pleasure to meet, I am surrounded by ones that are closer,  
But all I can see is you,  
Staring smiling at me,  
I would never break this promise,  
Until the day you say don't bother coz you found another, I never thought we'll be stronger.  
From sunlight to moonlight.  
Everyday I long for your touch and kiss,  
Only in my dreams I could get closer to you anytime,  
Coz there I can fly for free. Why oh why do I have to be so far away,  
But for someone like you I'm willing to stay, Maybe I thought for once that could find another you,  
But as you see I was wrong cause there is no one like you, I am surrounded by ones that are closer,  
But all I can see is you,  
Staring smiling at me,  
I would never break this promise,  
Until the day you say don't bother coz you found another, Sooner I'll be by your side,  
And everything will be worth the wait. Maybe I thought for once that could find another you,  
But as you see I was wrong cause there is no one like you, I am surrounded by ones that are closer,  
But all I can see is you,  
Staring smiling at me,  
I would never break this promise,  
Until the day you say don't bother coz you found another,
