

Good Clean Fun

Cat Power

After this there will be no one
After this there will be no one
After this there will be no one
After this there will be hats on different bodies
After this there will be no more
Beautiful dresses
After this there will be fast castAfter this there will be no one
After this there will be no one
After this there will be no one
After this there will be no more good clean fun
I forgive you for the rest
Even the whole time I was tested
Nobody does better, baby, you're the bestAfter this there will be no one
After this there will be so many good ones
After this there will be less interest
After this there will be no one
No one, no oneHey, I run down on my luck
Hey, can I have something from you
It seems I have nothing to give
It seems you have nothing to give
