

Miss Chatelaine

[k.d. lang](#)

Just a kiss just a kiss
I have lived just for this
I can't explain why I've become
Miss Chatelaine Just a smile just a smile
Hold me captive just a while
I can't explain why I've become
Miss Chatelaine Every time your eyes meet mine
Clouds of qualm
Burst into sunshine Just a sigh just a sigh
Words my love just reply
I can't explain why I've become
Miss Chatelaine
Miss Chatelaine Zing!!! Just a smile just a smile
Hold me captive just a while
I can't explain why I've become
Miss Chatelaine Every time your eyes meet mine
Clouds of qualm
Burst into sunshine Just a kiss just a kiss
I have lived just for this
I can't explain why I've become
Miss Chatelaine Miss Chatelaine
Miss Chatelaine
Miss Chatelaine
Miss Chatelaine
