

# Unnatural Selection

## Havok

See the gates are closing  
Elimination waits  
Deeming you unfit for the life just because I decide  
To constantly remind you  
That there's a reason why  
This is where the strongest give and all the weakest die  
Separate  
Defective and unequal  
Clean slate  
But it's so unnatural  
Showing indifference  
Mocking perfection  
Struggle for existence  
Displayed above your head  
Feeding you the lie  
Putting you to work to profit off of your demise  
Systematic servitude  
Work will set you free  
Arbitrary suffering, infinite misery
