

Beethoven

Union J

It feels like whisky and butterflies
Like midnight and kisses in the morning light
Waking up with you here by my side
You leave me breathless, leave me breathless, so I'm tasting sandalwood on your skin
When it ends I only wanna start again
I see your name and it's a violin
You leave me breathless, leave me breathless Tonight, tonight, tonight, you are my music
Move my heart like a metronome
Tonight, tonight, tonight, I wanna lose it
I'll be the only song you'll ever know Oh oh, oh oh I'll play you like an instrument
Let me be your Beethoven Oh oh, oh oh Play you like an instrument
Let me be your Beethoven It's like we're caught up in an endless dream
The clocks don't tick when you hold on to me
We're keeping the rhythm so perfectly
You leave me breathless, leave me breathless Tonight, tonight, tonight, you are my music
Move my heart like metronome
Tonight, tonight, tonight, I wanna lose it
I'll be the only song you'll ever know Oh oh, oh oh I play you like an instrument
Let me be your Beethoven Oh oh, oh oh I'll play you like an instrument
Let me be your Beethoven 'Cause tonight, tonight, tonight, you are my music
Move my heart like metronome
Tonight, tonight, tonight, I wanna lose it
I'll be the only song you'll ever know Oh oh, oh oh I'll play you like an instrument
Let me be your Beethoven Oh oh, oh oh I'll play you like an instrument
Let me be your Beethoven
