

# When We Say (Juicebox)

[AJ Rafael](#)

    somethin bout the way  
    somethin bout the way you look  
        in my eyes  
    you make everything so damn easy  
so easy that i dont got to worry bout a thing and baby when we touch  
    all i can see is the image of us  
        sitting by the ocean  
        just before the dusk  
    sippin on a juice box and  
sand between our toes this is the part when we say were in love  
    and the part where we have our first kiss  
        but this ain't a movie  
    i know you cant come with me  
        you got your life  
he better be treatin you right just tell me you dont love me  
    tell me you dont feel the same way that i do  
        tell me i dont make you smile  
        like i do when you walk in the room  
you're so hard to let go this is the part when we say were in love  
    and the part where we say it's forever  
        but this ain't a fantasy  
    i know you can't come with me  
        you got your life  
he better be treatin you right this hurts so much to know that you're  
    with someone else when you should be w me  
    its just hard to accept that i cant be around  
        he better be treatin you good  
    i'm no einstein but i know a sign  
        when i see one  
    and i know you love me too
