

# Loose Talk

## The Purrs

Hey babe, hey baby, hey  
I can see that you want to leave me  
That you want to leave and get yourself free  
Oh, hey babe, I can see  
That you want to leave and get yourself free, yeahSha la la la, sha la la la  
Sha la la la, sha la la la  
Sha la la la, sha la la la, ohLet me tell you about the loose talk, ticking time bomb  
Needs a reaction to get my opinion  
'Bout living in this town with its distractions  
Got you spinning around and around and around and aroundI'm gonna pay for everything  
I'm gonna pay for everything that you need  
To get out of this town  
To get out of this town and back on your feet  
I'm gonna pay for everything that you need  
To get out of this town and back on your feet, yeahSha la la la, sha la la la  
Sha la la la, sha la la la  
Sha la la la, sha la la la, ohLet me tell you about the loose talk, ticking time bomb  
Needs a reaction to get my opinion  
'Bout living in this town with its distractions  
Got you spinning around and around and around and around1, 2, 3, 4Sha la la la, sha la la la  
Sha la la la, sha la la la  
Sha la la la, sha la la la, ohLet me tell you about the loose talk, ticking time bomb  
Needs a reaction to get my opinion  
'Bout living in this town with its distractions  
Got you spinning around and around, babyTell you about our loose talk, ticking time bomb  
Needs a reaction to get my opinion  
'Bout living in this town with its distractions  
Got you spinning around and around, babyTalking about the loose talk, ticking time bomb, baby, yeah  
Loose talk, ticking time bomb, baby, yeah  
Loose talk, ticking time bomb, baby, yeah  
Loose talk, ticking time bomb, baby  
Baby, baby, baby, baby, yeah
