

I'll Be Around

Wipers

I wish you would just stay around
I wish we all were safe and sound here
I wish the world could give a chance
Until it gives you that
I'll be around - I'll be around here
I see your love is worth to save
But your not feeling that today now
I wish they given you that chance
I hope you realize
I'll be around - I'll be around here
I wish you could just stay around
Do you realize that
I'll be around - I'll be around here
I'll be around - I'll be around here
I'll be around - I'll be around here
I'll be around - I'll be around here
I'll be around - I'll be around here
