

Think Youâ€™re So Free

Shihad

I walked for miles
So I could be
I climbed a mountain
Just so I could see
I searched for courage
I searched for proof
Looked for a leader
Whoâ€™d stand and speak the truth

But there was none
And we still think weâ€™re so free

I lit a fire to watch it burn
Went on vacation never to return
Its not the way I wanted it to be
I was afraid for my own privacy

There was none
And we still think weâ€™re so free

When do you think weâ€™ll wake up
When do you think weâ€™ll wake up
When do you think weâ€™ll wake up
When do you think weâ€™ll wake up

I want a car
A steady job
An endless line of people I can rob
Ainâ€™t that the way that itâ€™s supposed to be
Thereâ€™s less for them
That means so much more for me (too)

There was none
And we still think weâ€™re so free

When do you think weâ€™ll wake up
When do you think weâ€™ll wake up
When do you think weâ€™ll wake up
When do you think weâ€™ll wake up

G C S B

I walked for miles
So I could be
I climbed a mountain
Just so I could see
I searched for courage
I searched for proof
Look for a leader
Whoâ€™d stand and speak the truth

When do you think weâ€™ll wake up
When do you think weâ€™ll wake up
When do you think weâ€™ll wake up
When do you think weâ€™ll wake up
