

# Radar

GNR

Well here she comes again  
She's a-lookin' for me  
Better make my move  
Better head out to the high seas  
If she get's me in her sights  
I'll be workin' all day  
No time to take a snooze  
Or watch the football game  
She got the radar workin'  
Workin' overtime  
She got the radar workin'  
Torpedoes at 12 o'clock high  
Well I can't go to Vegas  
And I can't go to town  
But could I maybe go to Freddie's  
You know to lay down  
But, it's a-maybe do this  
And it's a-maybe do that  
Uh by time I get to doin'  
You know she's breakin' my back  
She go the radar workin'  
Workin' overtime  
She got the radar workin'  
Topedoes at 12 o'clock high  
I'm just mindin' my own business  
Don't mean nobody no harm  
Ah but here she comes again now  
Ta-twista-twisin' my arm  
Oh Oh there's a chickenmunk  
She got the radar workin'  
Workin' overtime  
She got the radar workin'  
Topedoes at 12 o'clock high
